PROFILE

I am a Frond end developer with hands-on experience in HTML, CSS5, JavaScript, React and Node.js. Building frontend features and connecting them to backend APIs..

With over 6 years of experience in technical support and IT education, I bring a combination of technical problem-solving, system support, and good communication skills, with the ability to work independently and adapt quickly to new technologies and in dynamic environments.

Currently based in Odense with a valid work permit.

WORK EXPERIENCE

Technical Support & Educator 2021-2023
GD Goenka School, India

- Managed software updates, website design, handled backups and supported deployment tasks.
